New Delhi

Summary

Computer Science graduate with a product-first mindset and a genuine, hands-on edge in using AI tools to accelerate research, prototyping, and documentation. Experienced in PRD creation, user research, and end-to-end product ownership with strong instincts for turning ambiguous problems into structured, actionable plans.

Experience

Summer Intern – Software Development Training (RMML) Jun 2025 – Jul 2025
Indian Institute of Technology (IIT), Ropar, Punjab

- Owned the product lifecycle for an Interactive Android Platform for Real-Time Data Monitoring from gathering requirements and authoring the PRD to delivering a working, tested application.
- Identified and resolved 5+ critical bugs through structured testing and root-cause analysis, improving reliability and reducing crash rate by 30%.

Projects

EchoShield – AI Voice Deepfake Detection | *Team Lead, Product Management* 2026 – echoshield.in

- An AI-powered tool that detects voice cloning and deepfake audio using a BiLSTM neural network.
- Led a 4-member team over a 3–4 month project, owning research, timelines, and delivery.

AI GitHub Search – Product Case Study | *In Progress* 2026 – GitHub

- Defined the problem that AI-powered GitHub search surfaces relevant but outdated repositories, and authored a full PRD covering user research, ranking logic, and MVP scope.
- Currently building the data pipeline to combine semantic relevance with freshness/maintenance signals for ranking.

Skills

Product Management: PRD Writing, User Research, User Stories, Competitive Analysis, Workflow Design, User Friendly Architecture.
AI & Automation: Generative AI Tools, Prompt Engineering, AI-Assisted Development
Technical Language: Python, SQL
Software Fundamentals: Manual Testing , Debugging and record , Workflow Test, Functional and Non Functional Test

Education

IMS Engineering College, Ghaziabad (AKTU Lucknow) 2022 – 2026
B.Tech — Computer Science & Engineering *76%*

Morning Star Children's Academy, Orai 2021 – 2022
Class 12th, CBSE *67%*

Morning Star Children's Academy, Orai 2019 – 2020
Class 10th, CBSE *79%*

Achievements & Leadership

Management Head–Elite E-Gaming

- Managed 20+ students and led the highest-participation event of the college tech fest, under faculty guidelines.
- Coordinated logistics, timelines, and stakeholder communication for 3+ events with 100+ participants.

College Ambassador–SKOAR! College Cup: Delhi Edition

- Drove participation and represented the gaming community at college for a national-level tournament.
